

HOW TO USE REMOTE DESKTOP

In the first stage, Search on Windows “Remote Desktop”

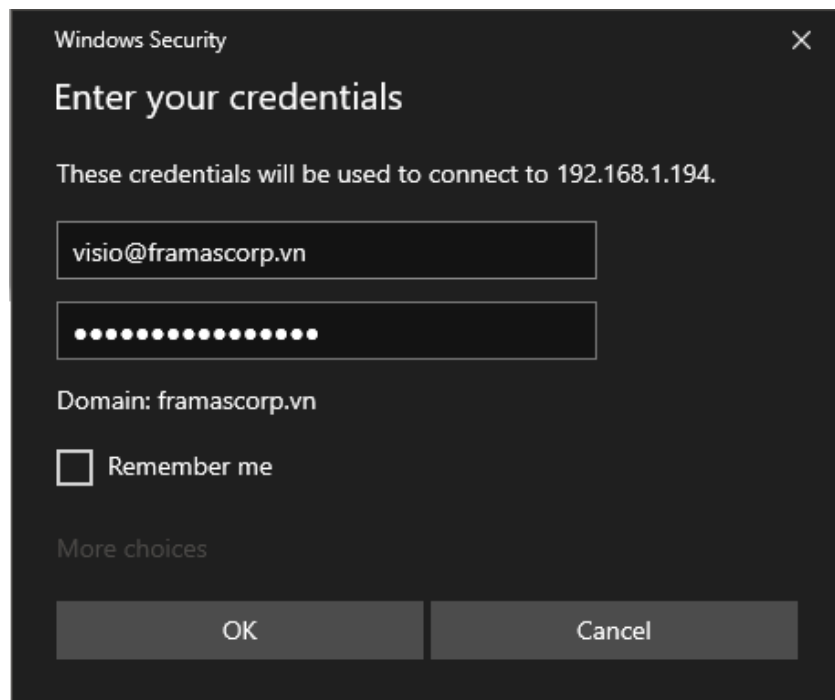

After you search it, you choose the first result “Remote Desktop Connection”

Computer : 192.168.1.194

Click Connect.

The first box, type visio account visio@framascorp.vn

The second box, type a password from IT Dept

The last step, click OK to access VISIO Server.

****Notice: Please save file in Z:\PUBLIC , after that, you can go to this folder to take your file.**

THANK YOU ^^
